

INFORMATION TECHNOLOGY SOLUTIONS THAT WORK FOR YOUR BUSINESS.

When your organization partners with FosterSoft, Inc., expect us to meet and exceed your expectations. Our goal is to add value to your organization through our strategic technology and customer-focused business solutions.

We offer four main solutions services to aid in your organization's immediate and long term needs. Each is customized and scaled based on the assessed requirements. Our solutions are executed with professionalism and expertise on or off site.

Innovative, highly qualified professionals on our staff differentiate us. We offer a unique blend of skill sets, education, experience, certifications and creativity. Our approach is to customize solutions to ensure your desired results.

FosterSoft, Inc. has been solving the needs of its clients for over a decade. Our service market includes federal, state, commercial and private organizations.

FosterSoft, Inc. is on the GSA Schedule 70, MBE, and SBA 8(a).

Simplifying IT

SERVICES AVAILABLE

INFORMATION TECHNOLOGY SERVICES

We offer a customized IT solution to solve real business problems and challenges by architecting technology solutions and providing the implementation.

PROJECT MANAGEMENT

Program Management, Operations, and Support services offered for both partial and Life Cycle projects. We evaluate our customer's business operations, define goals and requirements, define and schedule milestones, determine the budget and document, then execute each step of the project.

STRATEGIC COMMUNICATIONS

Strategic communications, Outreach, and Training solutions are offered to meet all your needs. We collaborate with our clients in providing guidance and support in each phase of the communications process.

ENTERPRISE RECORDS

Enterprise Records and Document Management services include the Creation, Management, Retention and Disposition of electronic records and/or physical documents.
